Teacher Workshop Integrating National Park Resources and Research into the Classroom Curriculum

Earn 4.5 C.E.U.'s Studying Natural & Cultural Resources!

**August 14–18, 2006
5 days/4 nights**

During this unique, field-based workshop, open to all grade 3–12 teachers in New England, you will:

- Meet scientists studying Maine's unique environment.
- Explore the complex issues and impacts associated with exotic species, pollution, and overuse.
- Visit an offshore island and learn how Maine's earliest artists, native history, and coastal environments can intersect in your classroom.
- Develop language arts, math, science, and social studies activities to take back to your classroom.

Benefits

- 4.5 C.E.U.'s arranged through the University of Maine.
- Participants can qualify to attend Acadia's 5th-8th grade residential program (optional, see www.nps.gov/acad/eeweb/programs/seaprogram.htm for information on this program).

Details

- Fully furnished accommodations at the Schoodic Education and Research Center, Winter Harbor, Maine.
- Meals, on-site transportation, books, and materials provided.
- Cost is \$450. Scaled scholarships available.
- Limited to 20 participants.
